

Plan et tessiture de l'instrument Sol/Do

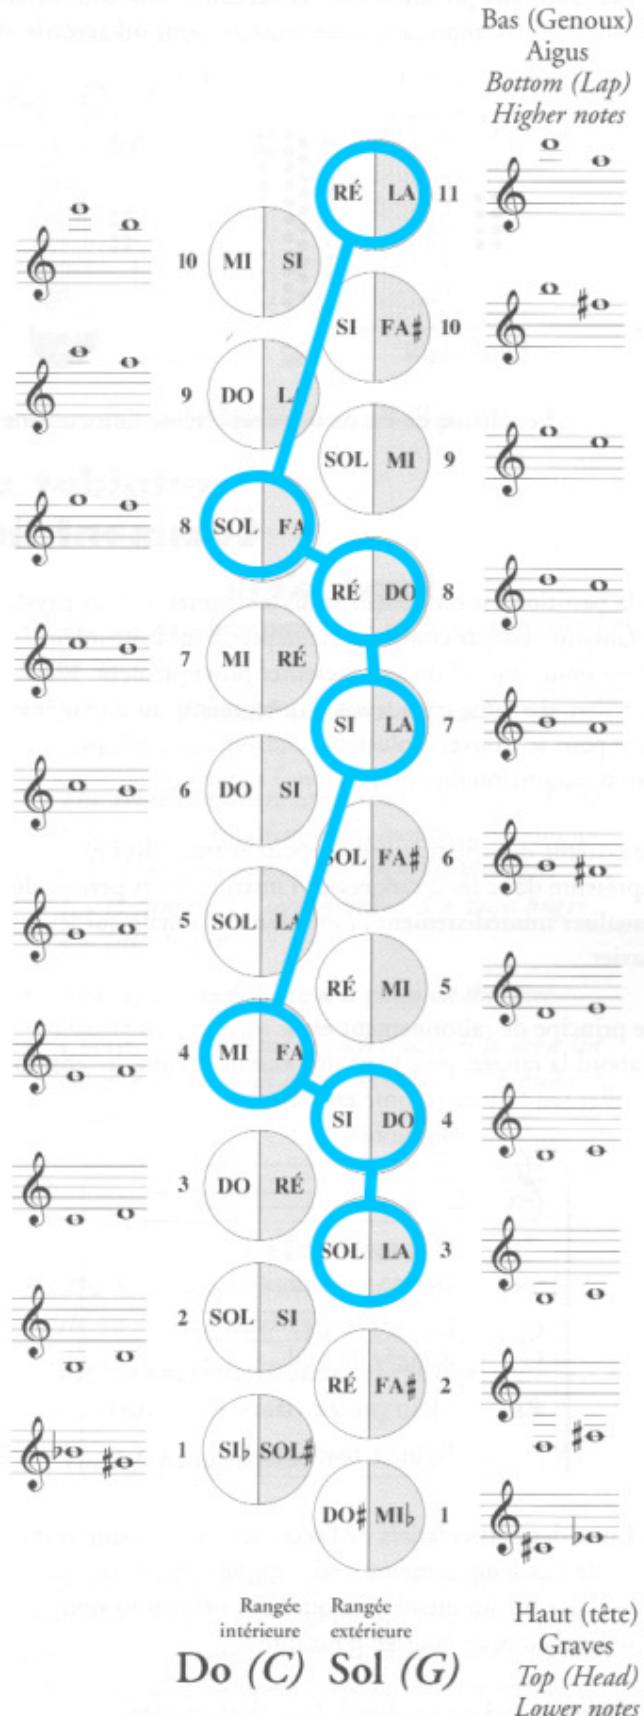

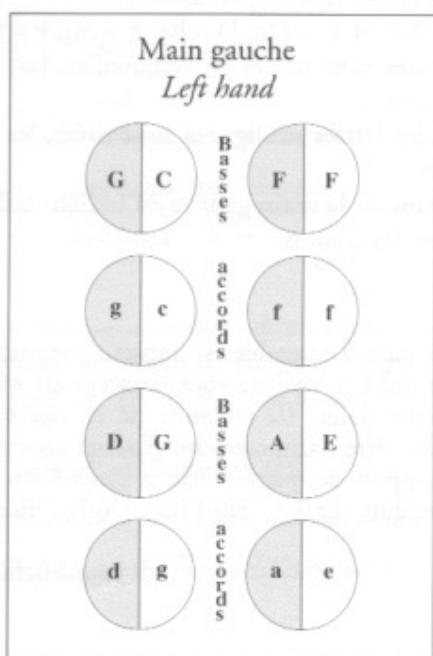

Diagram and note-range of the G/C instrument

Note :

Nous préconisons l'utilisation d'accords neutres à la main gauche (sans tierce). Cependant, si vous possédez des tierces, tous les accords sont majeurs excepté le La qui est mineur.

You are advised to make your left hand chords neutral (without thirds). However, if you've got thirds, all the chords are major ones, except A which is minor.

Note :

Sur le premier bouton de chaque rangée, l'organisation des notes est variable selon les modèles. Ici, schéma préconisé par les auteurs.

The first notes of each row can be found in a different order depending on the model. Here above it is shown as advised by the authors.
